I bring expertise in high-risk accounts and process analysis.

I joined ePayAdvisors in 2023 with 9 years of financial services experience that adds specific value to your payments audit or risk assessment:

- As a corporate Treasury Manager, I was responsible for the banking relationships for multiple financial institutions and accounts and served as the intercompany subject matter expert for ACH rules and regulations, checks, wires, and credit cards.
- As a financial institution Payment Product Specialist, I identified needs within the payments team through workflow and process analysis to create, improve, and rebuild policies and procedures for a more efficient and productive work environment.
- As a CSS AML Senior Investigator, I conducted comprehensive analysis of accounts to identify money laundering, terrorist financing, and other concerns using enhanced due diligence. I provided subject matter expertise for high-risk accounts, with a speciality in remote deposit.

My credentials

- Accredited ACH Professional (AAP) – 2022
- Bachelor's Degree, Colorado State University – Global Campus, Business Management with a specialization in criminal forensics – 2019
- Associates Degree, Hillsborough College, concentration in Business Management – 2017

**I have hands-on experience
in all payment channels
from the financial
institution and corporate
originator perspectives.**
